Caution: External email.

Hello Shreenivas,

We are excited to inform you that your application for the CNA2025 Student Program has been accepted! Your essay impressed the judges with its originality, depth, and exceptional presentation. Your talent for expressing ideas in such a clear and creative way made you stand out among a competitive field.

We have sent your names to McMaster University to verify your status as a student. It might take a few days for them to get back to us. Once we have their confirmation, my colleague, Lucy Brown (brownl@cna.ca) will reach out to you to arrange accommodation, travel and your attendance to the conference.

The CNA2025 Conference and Tradeshow presents an excellent opportunity to engage with experts in nuclear energy, participate in insightful discussions, and expand your knowledge in meaningful ways. We are confident that your presence will contribute to the event's success and that you will find the experience both enriching and inspiring.

If you have any questions, please do not hesitate to reach out.

Once again, congratulations!

Best regards,

Laise Tan
